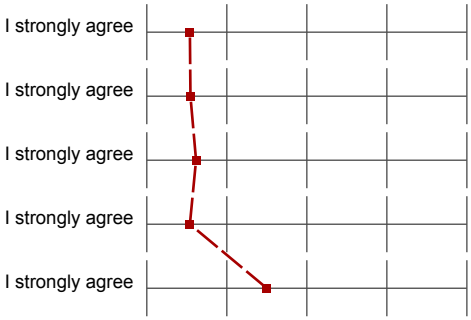
Profillinie

Teilbereich: Wirtschaftswissenschaften
Name der/des Lehrenden: Dipl.-Wirt.-Inf. Jens Peter Matthias Schuler
Titel der Lehrveranstaltung: (Name der Umfrage) Concepts of Web Engineering (WiWi1617_134)

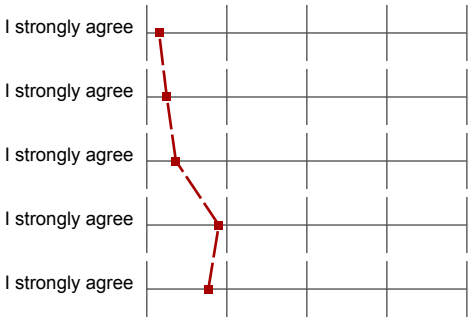
Verwendete Werte in der Profillinie: Mittelwert

Structure and Outline



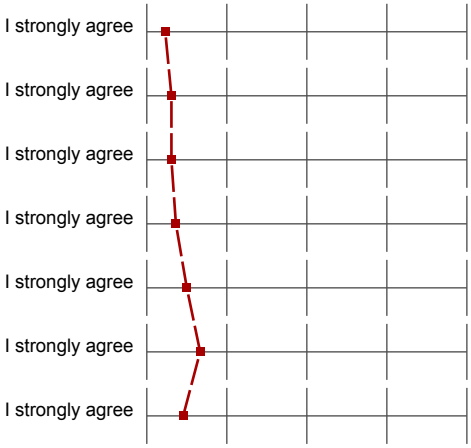
The learning objectives are made clear.	I strongly agree	I strongly disagree	n=13	mw=1,54 md=2,00 s=0,52
The course requirements (preparation, assignments, active participation) are transparently communicated.	I strongly agree	I strongly disagree	n=11	mw=1,55 md=1,00 s=0,69
The contents of the course relate to my previous knowledge.	I strongly agree	I strongly disagree	n=13	mw=1,62 md=2,00 s=0,51
The contents of the individual sessions are coherently integrated into a broader context of the subject.	I strongly agree	I strongly disagree	n=13	mw=1,54 md=2,00 s=0,52
The examination requirements are made clear.	I strongly agree	I strongly disagree	n=12	mw=2,50 md=3,00 s=0,90

Presentation and processing of course contents



The contents of the course are presented in an understandable way.	I strongly agree	I strongly disagree	n=13	mw=1,15 md=1,00 s=0,38
I can easily keep up with the presentation of course contents and the related tasks.	I strongly agree	I strongly disagree	n=12	mw=1,25 md=1,00 s=0,62
A relation between the contents of the course and the occupational field or the application of the knowledge is being established.	I strongly agree	I strongly disagree	n=11	mw=1,36 md=1,00 s=0,50
The learning arrangement enables me to deepen my understanding of the course contents individually.	I strongly agree	I strongly disagree	n=10	mw=1,90 md=2,00 s=0,74
I can fulfill the requirements of the course (preparation and post-processing, active participation).	I strongly agree	I strongly disagree	n=13	mw=1,77 md=2,00 s=0,60

The lecturer…



…seems to be well-prepared in the individual sessions.	I strongly agree	I strongly disagree	n=13	mw=1,23 md=1,00 s=0,44
…shows real interest in the students' success in learning.	I strongly agree	I strongly disagree	n=13	mw=1,31 md=1,00 s=0,48
…facilitates students' questions and active participation.	I strongly agree	I strongly disagree	n=13	mw=1,31 md=1,00 s=0,63
…answers appropriately to questions or remarks of the students.	I strongly agree	I strongly disagree	n=11	mw=1,36 md=1,00 s=0,50
…provides for a quiet working atmosphere.	I strongly agree	I strongly disagree	n=10	mw=1,50 md=1,50 s=0,53
…creates a constructive learning environment (in my opinion).	I strongly agree	I strongly disagree	n=12	mw=1,67 md=1,50 s=0,89
…is sufficiently available for queries or additional advice (when needed).	I strongly agree	I strongly disagree	n=11	mw=1,45 md=1,00 s=0,69

I think most of the students in this course…

…attend the individual sessions regularly.	I strongly agree	I strongly disagree	n=13	mw=2,85 md=3,00 s=0,90
…are prepared adequately for the individual sessions.	I strongly agree	I strongly disagree	n=12	mw=2,25 md=2,00 s=0,75
…participate actively as far as possible.	I strongly agree	I strongly disagree	n=13	mw=2,31 md=2,00 s=0,75
…follow the course with interest and attention.	I strongly agree	I strongly disagree	n=13	mw=1,85 md=2,00 s=0,69
…contribute sufficiently to the course's success.	I strongly agree	I strongly disagree	n=12	mw=2,25 md=2,00 s=0,75

The course helps me to…

…present basic facts and concepts in the subject area of the course.	I strongly agree	I strongly disagree	n=12	mw=1,67 md=2,00 s=0,65
…be able to work on typical questions or problems in the subject area of the course.	I strongly agree	I strongly disagree	n=11	mw=1,91 md=2,00 s=0,54
…critically discuss limits and possibilities of the subject area (e.g. contradictions between different models or methods).	I strongly agree	I strongly disagree	n=13	mw=1,77 md=2,00 s=0,60
…improve my methodical competencies (e.g. scientific methods, concepts of text analysis, methods of empirical social research).	I strongly agree	I strongly disagree	n=10	mw=3,00 md=3,00 s=0,82
…improve my competency of self-regulated working/studying.	I strongly agree	I strongly disagree	n=9	mw=2,44 md=3,00 s=0,73
…raise my interest in the subject area.	I strongly agree	I strongly disagree	n=11	mw=1,73 md=2,00 s=0,65

Learning environment

The number of students in relation to the room size is acceptable.	I strongly agree	I strongly disagree	n=13	mw=1,38 md=1,00 s=0,65
The equipment of the learning area (furniture, media technology, design of a learning platform in as part of e-learning etc.) seems to be useful.	I strongly agree	I strongly disagree	n=12	mw=1,08 md=1,00 s=0,29

Tools

If tools for preparation and revision (e.g. scripts, slides, e-learning services) are provided: I think these tools are useful.	I strongly agree	I strongly disagree	n=11	mw=1,27 md=1,00 s=0,47

Workload

Generally, I can fulfill the required preparation and assignments for the course within my time schedule.	I strongly agree	I strongly disagree	n=12	mw=1,58 md=1,50 s=0,67
My workload for this course is similar to the workload for comparable courses that I attend(ed).	I strongly agree	I strongly disagree	n=9	mw=2,44 md=2,00 s=1,13

Overall evaluation

Overall, the academic standard and requirements of the course were appropriate.	I strongly agree	I strongly disagree	n=13	mw=1,62 md=2,00 s=0,65
So far, this course helped me to significantly improve my knowledge.	I strongly agree	I strongly disagree	n=13	mw=2,00 md=2,00 s=0,82
In total, how do you evaluate this course so far? (very good to very bad)	I strongly agree	I strongly disagree	n=13	mw=1,46 md=1,00 s=0,52
